

JUMP - Trust God's Best

1. Together we do battle as the people of God against the enemy, Satan and his world systems. We join with Christ's Church around the world and march together in unity, prayer, worship and support, motivated by love. Christ has already given us the victory; we need to faith-march our way into possessing the land together. *Joshua 6:1; 2 Corinthians 10:3-5; Ephesians 6:10,18*

2. Life's battles are best fought and won by being in fellowship with people who can march through LIFE with us. With God's presence and their help, we can overcome the challenges life throws at us. *Joshua 6:6-11*

3. The big battle for all of us is to march together to win the world- but in the midst of the Battle for Billions, God still remembers the one. *Joshua 6:12-17; Psalm 68:6a; Matthew 18:19-20*

Discussion Questions:

1. Spiritually, in Christ, you are a part of God's army marching around the world. Do you feel a part? How do you see yourself a part of this army?
2. Who would you say is your family within the church. Are you in a LIFE group? Why or why not?
3. Remember a time when it felt to you that God remembered you, "the one". Was it your salvation? Your baptism? Another time?
4. Is there a time when you, like Maddy, felt taken care of because you had committed to a small group? Tell your story.
